+63 939 632 6023 | kirktolentino0@gmail.com | tolentinokirk.vercel.app | Calapan, Oriental Mindoro

PROFESSIONAL SUMMARY

Video editor and AI video specialist with 2 years of experience creating short-form and long-form content for skincare and consumer brands. Most recently a full-time Video Editor at KST Labs (Korean Skin Therapy), producing AI-powered and traditionally edited videos that turn product information and client briefs into polished, on-brand content. Previously worked with Cyberbacker as an AI Video Specialist. Now open to new video editing and AI content opportunities. Skilled at meeting deadlines, adapting to different brand styles, and learning new tools quickly to help businesses grow and connect with their audience.

SKILLS

- **Video Editing:** Short-Form & Long-Form Video Editing
- **AI Video Creation:** AI Video Generation & AI-Powered Editing Tools
- **Social Media Optimization:** Formatting and pacing content for social platforms and ads
- **Brand & Product Content:** Skincare and consumer product videos aligned to brand style
- **Soft Skills:** Attention to Detail, Creative Problem Solving, Team Collaboration & Time Management

EXPERIENCE

Video Editor (Full-Time) **2025 – 2026**

KST Labs (Korean Skin Therapy)

- Worked full-time as the video editor for a Korean skincare brand, producing video content that showcased products and supported the brand's marketing.
- Edited short-form and long-form videos from raw footage, product information, and client briefs, keeping every piece consistent with the brand's look, tone, and messaging.
- Used AI video generation and AI-powered editing tools to improve visual quality and speed up the production workflow.
- Optimized videos for social media platforms, adjusting format, pacing, and captions to capture and hold the target audience's attention.
- Collaborated with the team, applied feedback and revisions, and delivered content on schedule in a fast-paced environment.
- Managed multiple video projects at once while completing a fourth-year college degree.

AI Video Editor / AI Video Specialist **2024 – 2025**

Cyberbacker

- Assigned to a client through the agency, creating and editing AI-powered video content for a skincare brand.
- Turned the client's ideas, product information, and supplied materials into engaging, professional videos that matched their brand and style.
- Became proficient with AI video tools and produced content that presented skincare products effectively to the target audience.
- Worked independently and met deadlines while balancing third-year college studies.

EDUCATION

Bachelor of Science in Information Technology 2022 – 2026

Mindoro State University — Calapan Campus
